

The Youth and Christianity

The right dose for the youths' well-being in the world today.

This is a handy book for the youth in society on how they need to relate to God and to man. If you miss this as a youth, you have missed out in life.

Don't waste your life on useless and unfruitful activities but avail yourself to be used by God who created you to accomplish what he had planned for you in life, by you co-operating with Him in his divine will and by doing so, you will never regret in life in the end of your life on earth.

This book has come at a time when the world is mixed up and many people are corrupt and the youths are confused and are being misused and yet Jesus Christ the Messiah is just about to come to take his holy Church in the rapture and therefore you cannot afford to be left behind when he comes. I advise you to choose now to be part of that Church, prepare and be ready for his coming.

By reading this book you will come to learn of the following:

What Christianity is all about and how to be a Christian.

How to relate with your peers and other people.

How to engage yourself with the various authorities in the society at large, the church and in the family at home

How to engage usefully in Education and work

How to plan and engage in marriage.
