

About the book:

This is a simplified parents' guide on the new competency based curriculum, it is developed using the resources from KICD facilitators manual, basic education framework manual, and newspaper excerpts on the new education system. It provides parents tips on what they need to know so as to empower them to partner with the teachers, schools and other educational stakeholders in the academic lives of their children.

About the Authors

Dr. Kimencu and Dr. Irungu are educationist and co-founders of Learning Gaps Center. A Center for Education and Professional Development in Career Advising and Mentoring in Kenya and East Africa.
