

NOTHING BUT THE TRUTH

ABOUT THE BOOK:

This book has been written to reveal and share the critical Biblical truths or revelations which a Christian requires to survive the evil or world onslaught which is driving the Church far away from the will of God through several powers. It is aimed at waking up the Church which is a sleeping giant, restarting or resuscitating of the powerless Christian entity to life and regaining the lost glory. Over the years the church has declined because of her priorities which have been upside down. This book becomes a protest against the current traditional and mechanical arrangement of the church today and calls for reformation by going back to the spiritual basics. It also includes information from field surveys and interactions with various Christian groups online, in conferences and meetings over the years. Finally, the book prepares the church for the end times and provides strategies to save the male child from travelling the current road which is leading him deeper into irresponsibility and extinction.
