

In *the heart* of Nairobi, the city's dark underbelly
hides secrets that only a few dare to uncover.

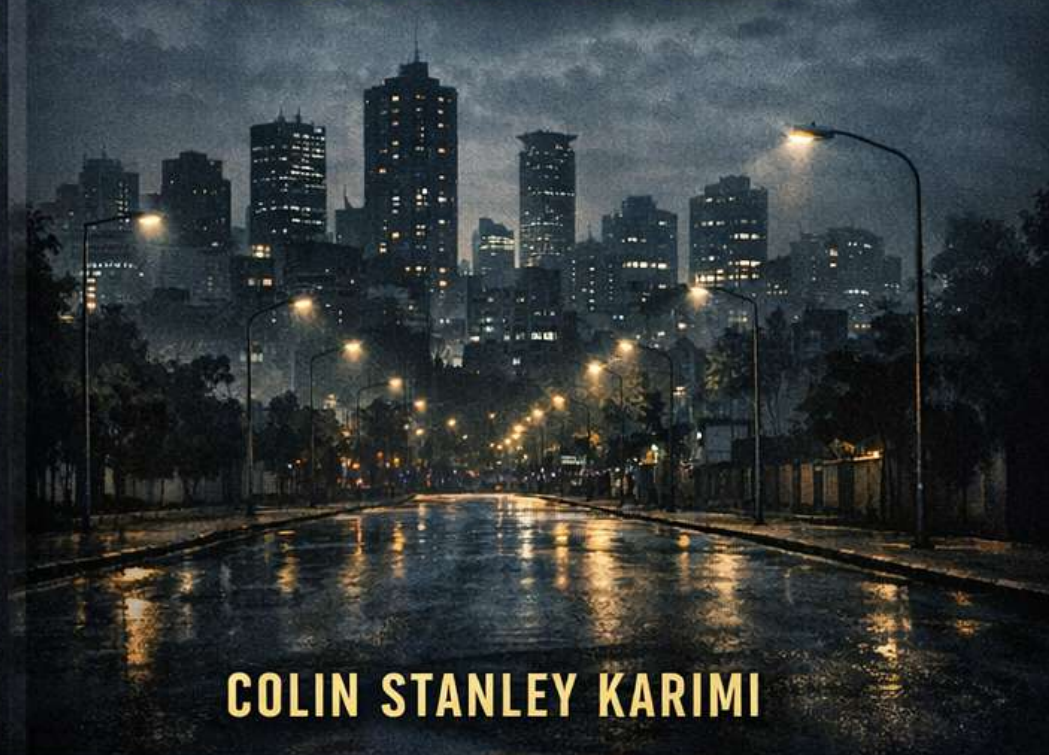

A disillusioned journalist returns to his troubled
hometown, drawn into a web of crime and
corruption. As he digs deeper, he's faced with
dangerous truths and old wounds that
refuse to heal.

In a city where shadows hold countless dangers,
he must *navigate betrayal and deception*
to find justice. But in the pursuit of the truth,
he may lose himself along the way.
