THE UNSPOKEN

Watch the unspoken

Deceive with its safety

Disguised as peace

But looms with danger

Telling not its nature

A ticking time bomb.

Listen to the unspoken

Deafen with its noise

A noise so quiet

Till its time to shout

Comes at the trigger

An unavoidable mistake.

Believe the unspoken

When it raises it's voice

Warning you of the conflict

Between two companions

The unseen voice box

The seen impression.

But what unspoken

Comes out so loud?

Unspoken secret desire

Unspoken silent admiration

Unspoken eminent appraisal

But also unspoken adversity.
