

WALKING IN VICTORY

Physical actions have spiritual consequences and the spirit realm is a judicial system. Nothing happens accidentally. Both God and Satan operate through covenants and covenants are legal agreements. Breaking the law attracts a penalty. Likewise, when you break spiritual laws it attracts spiritual consequences that can destroy a person's destiny.

Rev Bobbs Lyonga Elive writes in Walking In Victory, "... 'Salvation is contrary to oppression... There is no liberty without responsibility... Your ignorance the reason for the enemy's arrogance.'"

Waking In Victory will show you how to exercise absolute dominion over the forces of hell and live as though Satan and his cohorts don't exist!
